### INFORMATION ABOUT THIS SERVICE

#### Description

1300 numbers are virtual business numbers that can be called for as low as the cost of a local call. These numbers receive incoming calls and redirect them to an existing phone line (“answerpoint”) such as a mobile or landline.

Smartnumbers are distinctive phone numbers that are considered ‘the best’ 13, 1300, and 1800 numbers available. These inbound numbers come in the form of phone words which spell out your business name or service e.g. 1300 PHONES (1300 746 637), and numbers that come in repeating or sequenced numerical patterns e.g. 1300 50 10 50.

#### Minimum term

This service has a minimum term of 30 days. In addition, termination and/or transfer charges apply if the service is cancelled within the first 12 months.

#### Cancellations and port-aways

We require 30 days advance written notice to cancel this service or port away to another provider. Without written instructions from you, we will not approve port out requests from another carrier. Requesting a port away from a PRO plan will incur a \$60 Ex GST charge.

#### Inclusion

Basic Australia-wide, State-based, and standard time-based routing are provided with your 1300 number at no additional charge.

#### Exclusions

Any phone calls received on your 1300 number will be charged at the applicable call rate.

#### Qualification

An existing phone service is required as an answer point for this service. Calls can be answered on landlines, mobiles, and VoIP phones.
